

8th Cycle - 1st Course - Lectures

	FRI, Oct. 22, 04	Lecturer	SAT, Oct. 23, 04	Lecturer	SUN, Oct. 24, 04	Lecturer
07.30 - 08.00	Cranial nerves I - VI	Indra Yousry	Cranial nerves VII + VIII	Jan Casselman	Cranial nerves IC-XII	Indra Yousry
08.30 - 09.15	Development of the central nervous system	Heather Etchever	Genetics of vascular malformations	Claire Shovlin	Temporal bone malformations	Jan Casselman
09.15 - 10.00	Fetal anatomy and brain development	Thierry Huisman	Developmental anomalies ventricular system	Paul Griffiths	Temporal lobe development	Tarek Yousry
10.30 - 11.00	Skull base anatomy and embryology	Tarek Yousry	Flow dynamics ventricular system	Olof Flodmark	Temporal lobe pathologies	Horst Urbach
11.00 - 11.30	Circle of Willis	Pierre Lasjaunias	Posterior fossa malformations	Paolo Tortori-Donati	Neurocutaneous syndrome	Paolo Tortori-Donati
11.30 - 12.00	Vascular congenital malformations of the brain	Pierre Lasjaunias	Inherited white matter abnormalities	Mario Savoiaro	Anatomy and malformations orbit	Paul Parizel
12.00 - 12.30	Cranial nerves anatomy	Indra Yousry	Grey matter: developmental cortical abnormalities	Ludovico D'Incerti	Standards, pitfalls CT brain	Armin Thron
14.00 - 14.45	Catheter Technique Boston Scientific		Contrast Media Schering		Workshops 13.00 - 14.45 (separate schedule)	
15.00 - 17.45	Workshops (separate schedule)		Workshops (separate schedule)		Free	

8th Cycle - 1st Course - Lectures

	MON, Oct. 25, 04	Lecturer	TUE, Oct. 26, 04	Lecturer
07.30 - 08.00	Sella and parasella anatomy	John Stevens	Pontine functional and neuroradiological anatomy	Werner Wichmann
08.30 - 09.15	Embryology and congenital disorder of the spine and spinal cord	Paolo Tortori Donati	Fetal acquired syndromes	Thierry Huisman
09.15 - 10.00	Anatomy of the spinal cord Vascular supply	Armin Thron	Supra- und infra-hyoid head and neck spaces	Alexandra Borges
10.30 - 11.00	Imaging of the spine: technique, artefacts & pitfalls in CT and MR	Johan van Goethem	Standards, artefacts, pitfalls CT angiography	Stephan Wetzel
11.00 - 11.30	Imaging of the spinal cord and nerves: technique, artefacts & pitfalls in MR	Johan van Goethem	Standards, artefacts, pitfalls MR angio	Horst Urbach
11.30 - 12.00	Nasal cavity and paranasal sinuses	Alexandra Borges	Standards, artefacts, pitfalls Diffusion-weighted images	Paul Parizel
12.00 - 12.30	Standards, artefacts, pitfalls MRI brain	John Stevens		
14.00 - 14.45	New Techniques MRI Siemens		Workshops 13.00 - 14.45 (separate schedule)	
15.00 - 17.45	Workshops (separate schedule)		EXAMINATION 15.00 - 16.30
