

ROOM	AUDITORIUM (Second Floor)	RED HALL 1 (First Floor)	RED HALL 2 (First Floor)	BLUE HALL (First Floor)	YELLOW HALL (First Floor)
11.00 - 13.00		Satellite Symposium "The role of the renin-angiotensin system in cardiovascular prevention" (Sponsored by Sanofi Aventis)	Satellite Symposium "Treating hypertension in diabetic patients" (Sponsored by Recordati)	Satellite Symposium "Blood pressure control and beyond: end organ protection with Eprosartan?" (Sponsored by Solvay Pharmaceuticals GmbH)	Satellite Symposium "The evolution of angiotensin receptor blockade: more patients, better control, vascular benefits" (Sponsored by Sankyo/Menarini)
14.00 - 17.00		Satellite Symposium "The increasing incidence of cardiovascular disease: new paradigms for improved risk factor management" (Sponsored by Pfizer Inc.)	Satellite Symposium "Angiotensin receptor blockers in hypertension and heart failure – do the differences matter?" (Sponsored by AstraZeneca)	Satellite Symposium "Hypertension at the intersection of diabetes, obesity and renal failure" (Sponsored by Boehringer Ing./ GlaxoSmithKline)	Satellite Symposium "A straightforward strategy for all grades of hypertension" (Sponsored by Servier)
17.30 - 19.00	OPENING CEREMONY Concert				
19.00 - 20.00	WELCOME RECEPTION (Ground Floor)				
20.00 - 22.00				Satellite Symposium "Are there really benefits beyond blood pressure control?" (Sponsored by Merck Sharp & Dohme)	

ROOM	AUDITORIUM (Second Floor)	RED HALL 1 (First Floor)	RED HALL 2 (First Floor)	BLUE HALL (First Floor)	YELLOW HALL (First Floor)
07.15 - 08.15		Breakfast Workshop "Hypertension, metabolic syndrome and PPARs"	Breakfast Workshop "Spectral analysis in hypertension"	Breakfast Workshop "Clinical value of exercise blood pressure"	Breakfast Workshop "Lowering blood pressure through psychobehavioural manoeuvres"
08.30 - 10.30		Parallel Oral Session 1A "Renal aspects"	Parallel Oral Session 1B "Autonomic nervous system"	Parallel Oral Session 1D "Cardiovascular risk"	Parallel Oral Session 1C "Heart"
11.00 - 12.30	Topical Workshop "Hypertension in children"	Parallel Oral Session 2A "Heart"	Parallel Oral Session 2B "Experimental pharmacology and therapeutics"	Parallel Oral Session 2D "BP measurement and haemodynamics"	Parallel Oral Session 2C "Blood vessels"
12.30 - 13.30		"How to" Session How to identify peripheral artery disease	"How to" Session How to correctly identify and quantify microalbuminuria		
12.30 - 14.00	Teaching Seminar - Session 1				
12.30 - 15.30	Attended Poster Session and Lunch				
14.00 - 15.00			ESH Business Meeting		
15.30 - 16.30			Clinical Case		
15.30 - 17.00	Parallel Oral Session 3B "Clinical trials"	Parallel Oral Session 3A "Blood vessels"		Topical Workshop "Joint JSH-ESH Meeting"	Parallel Oral Session 3C "Metabolic syndrome"
17.00 - 18.20	Plenary Session - Lennart Hansson Memorial Lecture - Debate on "Surrogate markers in hypertension"				
18.30 - 20.30					ESH Working Group on Blood Pressure Monitoring
18.30 - 21.30		IX Workshop of the Young Investigator Initiative Group			

ROOM	AUDITORIUM (Second Floor)	RED HALL 1 (First Floor)	RED HALL 2 (First Floor)	BLUE HALL (First Floor)	YELLOW HALL (First Floor)
07.15 - 08.15		Breakfast Workshop "Assessing cardiac tissue composition. The backscattering and videodensitometric approach"	Breakfast Workshop "Sleep apnea"	Breakfast Workshop "Sexual dysfunction – Hypertension – Antihypertensive treatment"	Breakfast Workshop "Telemedicine in hypertension and related diseases"
08.30 - 10.30	Parallel Oral Session 4B "Metabolic syndrome"	Parallel Oral Session 4A "Experimental pharmacology and therapeutics"		Parallel Oral Session 4D "Clinical aspects"	Parallel Oral Session 4C "BP measurement and haemodynamics"
11.00 - 12.30		Parallel Oral Session 5A "Endothelium"	Parallel Oral Session 5B "Non-pharmacological treatment"	Topical Workshop "Isolated office and masked hypertension"	Parallel Oral Session 5C "Brain"
12.30 - 13.30		"How to" Session How to investigate cognitive impairment/dementia	"How to" Session How to assess total cardiovascular risk		
12.30 - 14.00	Teaching Seminar - Session 2				
12.30 - 15.30	Attended Poster Session and Lunch				
15.30 - 16.30			Clinical Case		
15.30 - 17.00	Parallel Oral Session 6B "Clinical trials"	Parallel Oral Session 6A "Vasoactive substances"		Topical Workshop "Obesity-related hypertension"	Parallel Oral Session 6C "Renal aspects"
17.00 - 18.20	Plenary Session - The FEVER study - Presentation of Awards - Björn Folkow Award Lecture				
19.00 - 21.00	Satellite Symposium "The case for ARBs across the CV continuum – an evidence-based approach" (Sponsored by Novartis)		Satellite Symposium "Nifedipine gits in ACTION - a tale of two targets" (Sponsored by Bayer HealthCare AG)	Satellite Symposium "Closer to the heart: BP control and end organ protection" (Sponsored by Bristol Myers Squibb/Sanofi Aventis)	Satellite Symposium "Pharmacological modulation of the renin-angiotensin system in hypertension: making the right choice" (Sponsored by Servier)

ROOM	AUDITORIUM (Second Floor)	RED HALL 1 (First Floor)	RED HALL 2 (First Floor)	BLUE HALL (First Floor)	YELLOW HALL (First Floor)
07.15 - 08.15		Breakfast Workshop "Self vs ambulatory blood pressure in clinical practice"	Breakfast Workshop "Hypertension - Stress - Personality"	Breakfast Workshop "Antiplatelet treatment in hypertension. Do we still rely on the HOT data?"	Breakfast Workshop "Blood pressure control in Europe"
08.30 - 10.30		Parallel Oral Session 7A "Blood vessels"	Parallel Oral Session 7B "Renin-angiotensin system"	Parallel Oral Session 7D "Genetics"	Parallel Oral Session 7C "Epidemiology"
11.00 - 12.30	Topical Workshop "Health economic aspects of hypertension and cardiovascular disease"	Parallel Oral Session 8A "Obesity"	Parallel Oral Session 8B "Endothelium"	Topical Workshop "Inflammation and hypertension"	Parallel Oral Session 8C "BP measurement and haemodynamics"
12.30 - 13.30		"How to" Session How to design and interpret controlled clinical trials	"How to" Session How to analyze ambulatory blood pressure monitoring		
12.30 - 14.00	Teaching Seminar - Session 3				
12.30 - 15.30	Attended Poster Session and Lunch				
15.30 - 16.30			Clinical Case		
15.30 - 17.00	Parallel Oral Session 9B "Clinical trials"	Parallel Oral Session 9A "Genetics"		Topical Workshop "Prevention of heart failure in hypertension"	Parallel Oral Session 9C "Diabetes"
17.00 - 18.30	Plenary Session - ESC Lecture - BPLTC Symposium - Facts and fallacies in the history of antihypertensive treatment				
18.30	CLOSING REMARKS				
18.30 - 20.30			ESH Working Group on integrated approach to the high risk patient "Potential benefits of intervention on intermediate end-points"		
18.30 - 21.30		IX Workshop of the Young Investigator Initiative Group			ESH Working Group on Blood Pressure and Heart Rate Variability (18.30-21.00)

Tuesday, June 21

Fifteenth European Meeting on Hypertension
Milan, Italy, June 17/21, 2005

ROOM	RED HALL 1 (First Floor)	RED HALL 2 (First Floor)	BLUE HALL (First Floor)	YELLOW HALL 1 (First Floor)	YELLOW HALL 2 (First Floor)	YELLOW HALL 3 (First Floor)
20 09.00 - 13.00	ESH Working Group on Endothelin and Endothelial Factors	Satellite Symposium "Renin inhibition: the key to optimizing RAS suppression for BP control and beyond" (Sponsored by Novartis)	ESH Working Group on Hypertension and the Kidney	ESH Working Group on Vascular Structure and Function	ESH Working Group on Hypertension in Diabetes	ESH Working Group on Endocrine Hypertension

20

Fifteenth European Meeting on Hypertension Milan, Italy, June 17/21, 2005
